Paternity.

Some one went into "fits and dem'd raptures," as Mantalini would have it, last month, in the Knicker-bocker, about a baby, a boy-baby, a fifteen pound boy baby being born to him! MANUFACTURE OF STEEL .- The Richmond Compiler states that the Virginia Legislature has granted certain privileges to Mr. Broadmeadow, for the manufacture of steel. The Compiler says it is made on a Wm. W. Weaver & Charles Williams, new plan, for which Mr. Broadmeadow received a prtent in June last, for the whole of the United States, for fourteen years. The saving in this process is so well suited for the purpose, that there seems no doubt that the iron ores of this State, when converted into steel, will be transported to Europe and sold at a profit in the English market, that now supplies the whole world, and the United States made independent from Indinapolis, Jan. 4th, 1844. her own resources. ANOTHER ASTONISHING CURE! Wistar's Balsam of Wild Cherry, ALWAYS TRIUMPHANT!

C RE FOLLOWS CURE!! In its Onward Victorious Career! 2 2 DAYTON, Feb. 11th, 1845.

Mr. J. W. WINTMORE : Dear Sir .- As you are the regular muthorized agent in Dayton, for sale of "Da, Westan's Balsam or Willio Chenny," I take this method of making a statement of facis to you (which I hope may be published to the world) in reference to an almost musculous cure, wrought in my case by means of the above invaluance Baraam.

Language fails to describe the salutary effects it produced, and the great benefit I derived from its use. The citizens of Dayton and vicinity, well recollect that on the 8th of August last, I received serious injury from the explosion of a cannon. A portion of its contents entered my right side and breast; and

in all probability, some fragments or splinters of the ramind passed through the "plura," and pierced the Lungs.

After the lapse of about six weeks, I was attacked with a distressing cough and violent pain in my right side. Some ten days after this, when in a purceyam of Congling, suddenly in elect broke, and a large quantity of very offensive matter, mixed with blood, was discharged; most of which found passage through the opening of the wound. From this opening there frequently passed a quantity of air, supposed to issue from the lungs. During all this time my sufferings were almost

My physicians, meanwhile, paid the strictest attention to me, and Gid all in their power for my recovery. But with all their skill, they could not reach the seat of distress, after the Lange had become affected. I was visit d during this time by at least twenty Physicians. It was now reduced to a certainty, that inflammation of the lungs was rapidly taking place; and that this would terminate my life in a very short time, was in the highest degree probable.

cient to throw off the disease.

My friends now despaired of my recovery, and I had no earthly ground of hope to survive many days. Fortunately at this juncture I saw one of Dr. Wistar's Parieuris, entitled "Family Medical Guide," or "Treatise on Consumption of the Lange." As I had often heard of dying men "catching at straws," I felt like doing so myself. By the consent of my physicians, I sent to you for a bottle of the medicine described, viz: "WI-MAR'S BALSAST OF WILD CHERRY," which relieved me almost immediately. After I had used some five or six bottles, I so für recovered as to be up and about. My cough ceased, and my lungs were restored to a healthy state—all from the healing influence, and pomerful molicinal virtues of Winxan's Balsam. Were it not for the external injury I received in the shoulder and arm by the explosion, I feel confident that I might have been working at my trade (which is blucksmithing.) but this has prevented.

By exposure, I have since taken sever. I severe colds; and my only

THE GREATEST CURE EVER YET PERFORMED BY ANT MEDICINE: IT NEVER FAILS: From the Albany Daily Knickerbocker

WEST Tnov. June 3, 1844. THIS is to certify that I, Willard Jenks, proprietor of the West Troy Exchange Botel, having been afflicted with deafness in one ear for the last twenty years, and in the other for the last year, so that it was impossible for me to hear the loudest voice, and after trying various remedies without improving my hearing in the least, I was induced to try Scarpa's Compound Acoustic Oil for the cure of deafness, and it is with great satisfaction that I am enabled to state that it has perfectly restored my hearing, and I will be happy to see any person who wishes for information in relation to my case, at my place in West Troy.

WILLARD JENKS.

The editor of the Philadelphia Spirit of the Times, J. Du Solle, Esq. has recently been cured of deafness by the use of this Oil, and has given his testimony as follows, in the Times of Sept. 21, 1844.
